

IRF Regional Conference : North Africa - Mediterranean

Marrakech, Morocco
19 - 20 March 2013

INTERNATIONAL ROAD FEDERATION
FEDERATION ROUTIERE INTERNATIONALE

Tourism

Morocco is a very popular destination for the tourists of the whole world. Close to 10 million tourists visited Morocco during the year 2010.

[The Moroccan National Office of Tourism](#) Website gives detailed information on favourite itineraries. The following formalities are also very important to take into consideration:

Visa

Foreigners desiring to enter Morocco must hold a passport or any other valid document recognized by the State as a travel document.

- Travel documents of the citizens from countries subject to the visa formality must bear visas delivered by Moroccan authorities.
- The stay in Morocco for tourism shall not exceed three months for foreigners exempted from the visa formality or the visa validity for those who are submitted to it.

Entry requirements for visitors whose countries are exempted from the visa formality (see [list](#))

Visitors arriving to Morocco individually, in couples or in groups must hold passports or any other valid document recognized by the State as a travel document.

Entry requirements for citizens whose countries are subject to the visa formality (see [list](#))

The travel documents of visitors subject to the visa formality must bear payable visas, delivered by Moroccan authorities.

After the payment of fees, visas are delivered by the Moroccan Embassies upon the presentation of the following documents:

- [Application form duly filled](#)
- Identity card / residence permit
- Valid passport
- 3 photographs

Customs

You can temporarily bring to Morocco, without formalities, the majority of your personal businesses in quantities corresponding to a current tourist activity. When in doubt, ask the nearest Moroccan diplomatic representation.

Vaccinations

No vaccination certificate is required for visitors coming from Europe or America. An anti-cholera vaccination certificate may be required for visitors coming from areas where this disease is prevalent. Anti-malarial treatment is not necessary.

Health

- Morocco is a healthy country, however a certain number of minimal precautions should be taken, particularly in the south: Avoid water from wadis and itinerant water sellers. If you are prone to intestinal problems, take an appropriate medicine with you. Make enquiries before swimming in a wadi or a lake.
- Take precautions against insect bites and sunburn. If necessary, tourist offices and major hotels can put you in touch with doctors who speak English, French or other languages.

Electricity

220 volts. Power points are of the French type.
